

WHEELCHAIR POCKETS

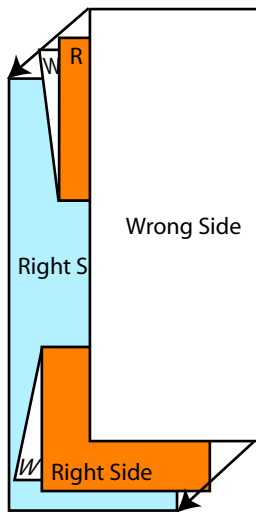

①. Cut 2 "A" pieces, 7" x 18"

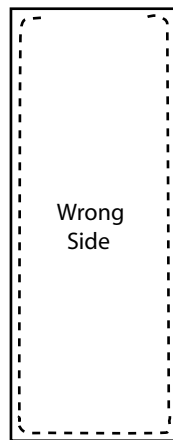

②. Cut 4 "B" pieces, 7" x 7"

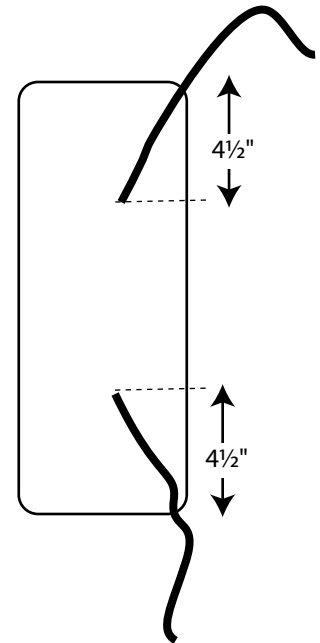

③. Sew "B" pieces, right sides together. Fold right sides out.

④. Layer pieces as indicated, lining up all the corners.

⑤. Stitch, rounding corners, leaving an opening to turn. Trim, turn, close opening, press.

⑥. Underside: Stitch two 12" lengths twill tape, (or velcro strips)

NOTES: Please follow specified size for wheelchair pockets. Larger sizes will interfere with wheel movement.

Rounded corners will allow not-so-nimble fingers to retrieve coins and other small objects.
