This large graphic leaf, using freezer paper to form the design templates, can be made as the final 24" x 24" piece, or combined with three additional blocks to make a stunning quilt. In this workshop Pat Pauly will show participants how to transform a line drawing into templates, how to choose fabric and color, how to iron freezer paper templates to fabric and how to assemble this "Big Leaf" quilt. At the end of this class you will know how to translate your own designs using this freezer paper method.

Supplies needed:

- Basic sewing supplies
- Rotary cutter and mat
- Pins
- Scissors
- Sewing machine with regular foot
- Seam Ripper
- Ruler
- Iron & Ironing pad
- Colored pencils in at least 10 colors
- Sharpie fine point permanent marker
- Pink or yellow highlighter
- Freezer paper (at least 5 running feet)
- Optional: Design wall you can pin into is a great help (about 3' x 3')

Fabric needed:

This is a great quilt for using your accumulated scraps, or small amounts of fabrics (fat quarters) in a range of colors from light to dark. Batiks, hand-dyes, solids, or textures work well. Smaller scale commercial prints are fine, too, as well as wild graphics. Add small amounts (1/8 yard or so) of neon or bright fabric like lime green or fuchsia if you have it on hand.
